

GPC Minutes February 2026 Appendix: B

Shop committee

Shop performance has again improved year on year.

The only admin still having challenges is Scottish Power.

The committee has started to look at funding projects to help with the new shop developments.

The first one will be a monthly 100 club draw (maybe starting in April / may)

The committee has started the process for looking for replacements for Patrick Goldsworthy (co chair) and Debbie Bleasdale (co chair) both have tendered resignation from the committee at the next AGM

Village Hall

The committee met on Jan 12th

Looking at a complete redecoration of the village Hall

Diana has decided to stand down from the village hall booking administration role

A replacement has been appointed.

I have been in contact with Richard Maxwell chairman of Huntingdon Football club they have apologised for the slow start but waiting for a window in the weather (Not very cold or very wet)

Highways / Footpaths

The only things I have to mention is to update that the hedge has now been cut at School House (?) on the bend, and the pot holes opposite Cedar Close have been filled. I don't think they did a particularly good job and so the repair probably won't last that long. Furthermore, they didn't fill the pot hole past the chicane on the way to Ellington!
